

# Parham Mohammad Panahi

*Curriculum Vitae*

Department of Computing Science  
University of Alberta  
Edmonton, Alberta  
Canada

[panahiparham.github.io](https://panahiparham.github.io)  
(780) 937-1410  
Updated: July, 2025

RESEARCH INTERESTS     **Machine Learning.** Specifically, model-based reinforcement learning, representation learning, continual learning, and generative models.

EDUCATION     Doctor of Philosophy in Computing Science     2025–Present  
                  [University of Alberta](#)  
                  Advisor: [Professor Adam White](#)

                  Master of Science in Computing Science     2022–2024  
                  [University of Alberta](#)  
                  Advisor: [Professor Adam White](#)  
                  GPA: 4.00/4.00

                  Bachelor of Science in Computer Science     2016–2021  
                  Azad University of Tehran  
                  GPA: 3.93/4.00

PUBLICATIONS     A star(\*) beside an author name indicates equal contribution.

## Journal and Conference Articles

[ICML] Mesbahi, G., **Panahi, P. M.**, Mastikhina, O., Tang, S., White, M., White, A.. Position: Lifetime tuning is incompatible with continual reinforcement learning. *Forty-second International Conference on Machine Learning (ICML)*, 2025. (19.7% acceptance rate)

[RLC] **Panahi, P. M.**, Patterson, A., White, M., White, A.. Investigating the Interplay of Prioritized Replay and Generalization. *The Reinforcement Learning Journal*, 2024. (39% acceptance rate)

[JMLR] \*Lo, C., \*Roice, K., **\*Panahi, P. M.**, Jordan, S., White, A., Mihucz, G., Aminmansour, F., White, M.. Goal-Space Planning with Subgoal Models. *Journal of Machine Learning Research*, 2024. (~17% acceptance rate)

## Workshop Articles and Theses

[PRL] \*Roice, K., **\*Panahi, P. M.**, Jordan, S. M., White, A., White, M.. A New View on Planning in Online Reinforcement Learning. *Planning and Reinforcement Learning Workshop at ICAPS*, 2024.

[UofA] **Panahi, P. M.**.. Investigating the Interplay of Prioritized Replay and Generalization. Master of Science Thesis. *University of Alberta*, 2024.
